Coimbatore, Tamil Nadu

ABOUT ME

Currently pursuing my undergraduate degree in Information Technology, I am motivated to start my career in software development, cloud engineering, or full stack development. I thrive on learning new tools, solving complex problems, and contributing to impactful solutions in the tech industry.

SKILLS

C++ Programming	Python	SQL Database
Data Analyst in Excel	React.js	Rest API
Java Programming	HTML,CSS,Javascript	Cloud Computing

PROFESSIONAL EXPERIENCE

Mist Solution   **Jun 2025-Jul 2025**
Full Stack Developer

- Undertook a 1-month internship as a Full Stack Developer, working on web application design, database integration, and API development.
- Built and optimized front-end interfaces using HTML, CSS, and JavaScript to improve user experience.
- Integrated databases (MySQL/MongoDB) for efficient data storage and retrieval, ensuring consistency and scalability.

Projects

HR-Leave Tracker System :
- Developed a web-based HR Leave Tracker application to manage employee leave requests and approvals. Git Hub Link: https://github.com/Jhanandhang/Leave_Tracker.git

Learning Management System :
- Designed and developed a Learning Management System to streamline online course delivery, student enrollment, and progress tracking.
- Implemented features such as user authentication, role-based access (admin, instructor, student), course creation, and assignment submission.

EDUCATION & CERTIFICATIONS

Bachelor of Technology
Major: Information Technology   2023-2027
Sri Krishna College of Engineering and Technology

Cloud Computing,Frontend Developer
Udemy Platform

Full Stack Development
Mist Solutions

EXTRACURRICULAR ACTIVITIES

Senior Typist   **-Government Certified**
Problem Solving

Editor
Extra Certifications:
Rest API : Infosys Spring boot
Java Essentials: Hacker Rank
Learned Courses: IOT, Operating System,
Distributed Computing, Computer Networks
